Ritzville WA 99169

---

June 3, 2024

The Lind/Ritzville Cooperative School District is conducting a curriculum adoption for new English Language Arts Curriculum in grades TK-5. As part of the adoption process we invite community partners to come in and look at the prospective materials. We will have the materials in the Lind Elementary Office and in the Ritzville Grade School Office Friday, June 21st. You will be able to look through the materials and leave comments. You may also request for one of our adoption team members to contact you to answer your questions. The materials will be presented to the Lind-Ritzville Cooperative School Boards for approval at the June 24th board meeting. If approved, these materials will be implemented in the 2024-25 school year.

Our Curriculum Adoption Committee has been reviewing and piloting material from a number of different publishers in their classrooms. The team has selected Amplify CKLA (Core Knowledge Language Arts) published by Amplify Education/Core Knowledge Foundation. The materials have been extensively researched and reviewed by third party educational evaluators. All of the chosen materials meet the Common Core State Standards for ELA and are aligned to the grade level standards for both Common Core and the State of Washington.
