209 E Wellsandt Ave
Ritzville WA 99169

June 26, 2024

The Lind-Ritzville Cooperative School District is conducting a curriculum adoption for the new World Language Curriculum in grades 9-12. As part of the adoption process we invite community partners to come in and look at the prospective materials. The materials will be available in the Ritzville District Office until Friday, July 19th. You will be able to look through the materials and leave comments. You may also request for a school district representative to contact you to answer your questions. The materials will be presented to the Lind-Ritzville Cooperative School Boards for approval at the July 22nd board meeting. If approved, these materials will be implemented in the 2024-25 school year.

Our Curriculum Adoption Committee has been reviewing and piloting material from a number of different publishers in their classrooms. The team has selected German Deutsch So Akutell by Carnegie Learning. All of the chosen materials meet the Common Core State Standards for ELA and are aligned to the grade level standards for both Common Core and the State of Washington.
