May 2023

Superintendent Message

As we dig in to complete this last 6-week lap of the school year, I pause for reflection on and gratitude for the accomplishments and growth of our students. The vision for providing care to each individual learner is a never ending work that requires constant adjustment and recalibration. Individualizing learning to meet the needs of all students is that kind of work. As we prepare to send off another group of graduates to further their education, training, and/or work experience, I can't help but wonder what they will be doing 10, 20, or 30 years from now. Some things may never change while others change almost overnight. We strive to keep current and stay ahead of the curve in order to best serve our students but we will always need your help. You can provide us with a clearer picture of what is working for our children and community. Please feel free to share with me your thoughts by letter, phone, or in-person meeting. I look forward to learning more about how we can better serve our amazing students and communities.

Don Vanderholm
LRCS Superintendent
