209 E Wellsandt Ave
Ritzville WA 99169

Dear Parents/Guardians & Students,

The Lind-Ritzville Cooperative School Boards approved moving to Stage 5.0 Learning on or after Feb 16th. This approval comes with the realization that local health conditions and/or school-related infections or transmission rates may necessitate a delay in this forward step. We will do our best to provide advance notice of any delay(s), but advise you to prepare for the possibility of short notice, just as you would for a "snow-day".

Detailed information on the logistics of 5.0 will come from the middle and high school building principals.

While we are hoping for the best, local rates are high and we need everyone to be prepared for a seamless shift to all-remote learning should the need arise.

We are excited to make this move forward and really want to keep our doors open. Now, more than ever, we must remain vigilant in following the health and safety protocols on our campuses. Your continued, awesome support in the effective use of prevention strategies both in and outside of our schools is greatly appreciated.

Looking forward to seeing more students on campus!

Superintendent Don Vanderholm
