

Dear Parents/Guardians,

With the strong possibility of severe winter weather, we are doing our best to prepare for every possible disruption to regular learning. While we do have All-Remote Learning plans, there's nothing quite like the real thing. For this reason, we are going to hold an "All-Remote Learning Preparation" event on Dec 3rd.

Students will come to school as usual on Friday Dec 3rd; however, afternoon "Enrichment" and "Power Hour" will be cancelled and all students will go home at 12:30PM. Each building will share with students a Remote Learning "check-in" activity for the afternoon. We mostly want to check our virtual connection platforms during that time. **To test our notifications system, a Blackboard Alert message will be sent out on Dec 2nd reminding you of the All-Remote practice event at 12:30, Dec 3rd.** If you do not receive this message, please contact your student's school office and let them know.

While we hope to utilize ALL-Remote Learning during weather-related school closures, there may still be circumstances when we shut down all learning activities for the day. In such situations, we will need to hold a "make-up" school day(s) later in the year.

Thank you for the continued support and partnership in providing the best educational services to our students.

Mr. Don Vanderholm
